**Lesson 1: Sky Wilderness**  
***Checking Understanding***

1. List the objects that you can see in the daytime sky.

2. Did the objects in the sky look the same or different at stop #1 and stop #2?

How were they the same?

How were they different?

3. List the objects you can see in the nighttime sky.

4. Did the objects in the sky look the same or different at stop #3 and stop #4?

How were they the same?

How were they different?
