

Lesson 4: Mixing and Separating Solids

The generic “My Observation Sheet,” available in the STC *Changes* Teacher’s Guide, was used for students to record their pictures and written observations of the the experiment.

Lesson 4

Mixing and Separating Solids

My Observation Sheet

Before Mixing

gravel salt

Mixed

gravel and salt mixture.

After Separating

gravel salt

The salt and gravel do not change when mixed. The salt fills in the spaces between the gravel. The salt and gravel do not change after separating.
