## Checking Understanding

Color the face that you think goes with the sentence.

if you agree

if you disagree

if you are unsure

1. Some of the systems made sounds.

2. Parts moved in all five systems.

3. In every system, the moving parts moved in ways that were alike, but not exactly alike.

4. We moved, but no other parts of the sound system moved.

5. We hit all the systems to make the parts move to make sound.
