## Shape of the Earth Assessment

Tinker, an alien who knows nothing about earth, arrived at Shabonee School. After exploring the school and neighborhood, he stated with great confidence that the earth is flat.

Please answer the following questions in complete sentences.

1. How would you describe the shape of the earth? You may include a diagram with your written answer.

---

---

---

---

---

2. List and explain two pieces of evidence to help Tinker believe and understand your answer.
